PRESS COMMUNIQUÉ

Mr. Evans

[NAMES.—*Bolered pay extra for Provincial and Subordinate Services.*]

[illegible]

2. The present Governments are further pledged to take steps for the ultimate elimination from the Province of intoxicating drink and drugs. Apart from the estimated withdrawal from the Province of revenue derived from them it means the heaviest taxes which the poorest sections of the people can make to pay through temptation and habit for which the Government cannot escape responsibility. The Madras Legislative Assembly Bill to increase and extend the prohibition of the manufacture, sale and consumption of intoxicant liquors and drugs in the Province of Madras and the Government have made a start by closing all liquor shops in the Salem district with effect from the 1st October 1937. The introduction of prohibitions throughout the Province will, it is estimated, result in the ultimate loss of revenue from Excise of about Rs. 6 crores. This policy of dispensing with the revenue from drink and drugs is an essential part of the programme which the Ministry has been formed by the electorate, and cannot be given up or watered.

3. The present Government are also pledged to increased expenditure on certain fundamental physical needs of the people, such as the supply of clean drinking water for every village and town, adequate drainage arrangements for all towns, and better and more widespread measures for the prevention of disease and the distribution of medical relief. Large sums are required for the purpose of giving effect to this constructive programme.

The Government are bound further to render much greater assistance than has been done hitherto to cottage industries in the rural areas, and last but not least to pursue a more effective program now than hitherto followed in regard to primary education.

4. To meet the cost of these reforms, the Government are prepared to initiate and to place before the Legislature for approval measures for such reasonable additional taxation as may have to be imposed. Proposals for additional taxation are under examination. But the sources of fresh taxation within the purview of the Provincial Legislature are few and inclusive, and the additional revenue to be derived from them will cover only a small fraction of the increased expenditure which the Government have to face. The Government feel strongly that they cannot with any justice appeal to the Legislature for such taxation, so obtain the approval of the electorate and the public generally, until they have adopted all possible measures to reduce the cost of administration by a decision of solvency, whenever possible and by retrenchments in all directions. Every effort is being made to eliminate waste and to effect economy in the expenditure of the various departments.

5. The scales of pay of Provincial and Subordinate Services were reduced in 1933-34 on account of the fall in price. But even the revised scales are too high and are capable of further reduction, especially in the case of Government servants drawing over Rs. 100. The Government have accordingly decided further to reduce the scales of pay of the Provincial and Subordinate Services by the adoption of the following graded reduction as

The present revised scales, subject to such adjustment as may be necessary to prevent anomalies or injustice in individual cases:-

Subordinate Service.						Percentage reduction.
Salaries over Rs. 100 and not exceeding Rs. 200	5
" over Rs. 200	7½
Provincial Service.						
Salaries of Rs. 200 and below	5
" over Rs. 200 and not exceeding Rs. 300	7½
" over Rs. 300 and not exceeding Rs. 500	10
" over Rs. 500 and not exceeding Rs. 1,000	30
" above Rs. 1,000	30

New revised scales of pay have been worked out on this basis for the Provincial Services and they will be brought into force as from the 1st January 1938. A copy of the order on this subject is published at pages 8 to 23 of this issue. A similar order will be passed in due course to bring into effect the new revised scales of pay for the Subordinate Services, which are now under preparation. Generally speaking, according to these orders, every person who has been or will be appointed to any service on or after the 1st April 1937 or who has been or will be promoted for the first time or after a break to any service on or after the 1st October 1937 will enter on the new revised scale for such service or post.

4. The examples which follow will give an indication of the extent of reduction made in the scales of pay as a result of the last and present revisions.

(1) *Deputy Collectors*.—Prior to the revision of salary scales in 1933, a Deputy Collector drew pay at Rs. 300—400—500—550—600 in the ordinary grade and Rs. 1,000—1,200—1,300 in the Selection grade, the combined average of the two grades being Rs. 645. In 1933 the selection grade was abolished and a revised scale of Rs. 500—600—700 (average Rs. 600) was fixed. The new revised scale now fixed is Rs. 500—600—700 (average Rs. 600) (average Rs. 587½). Thus there is a reduction in average pay of 17½ per cent as compared with the revised scale fixed in 1933 and of 37½ per cent as compared with the old scale. The maximum pay has been reduced from Rs. 1,200 to Rs. 700 or a reduction of 41⅔ per cent.

(2) *Chief Presidency Magistrate*.—The old scale of pay for the Chief Presidency Magistrate was Rs. 1,600—1,600—1,800 (average Rs. 1,700). The revised scale fixed in 1933 was Rs. 1,000—1,000—1,200 (average Rs. 1,133⅓) and the new revised scale is Rs. 750—750—900 (average Rs. 833⅓). The reduction now made is 50 per cent as compared with the revised scale of 1933 and of 51⅓ per cent as compared with the old scale. The maximum pay has been reduced from Rs. 1,800 to 900, i.e., by 50 per cent.

FREES COMMUNIQUE.

Port St. George, December 21, 1935.

No. 20.—

The General Secretary of the All-India Madras Congress, Madras, has suggested to the Government that legislation should be introduced by Government with a view to exempt Government servants from the obligation imposed on an employee to be elected to fill a vacancy open in the Madras Legislative Assembly, from the provisions of section 20 (1) of the Government of India Act, 1935. The Government have taken into consideration the suggestions and have decided to refer the matter to the Government of India before 15th February 1936 so that they may submit them to Government with their remarks.

Dated Port St. George, the 24th December 1935.

No. 12.—

At the meeting of the Legislative Council held on 1st November 1935, a resolution was passed recommending to the Government that the names of the members then recorded as Kammals, Kammals and Thattars should be entered in Government records as Vinnu-Bhambam with the suffix "Acharya Aranga" or "Acharya Bann" to the names of the Tamil and Telugu members respectively and with the honorific prefix "Bhambam Sa" instead of "M.R. Esq." according to the prevailing custom except where a desire in writing was definitely expressed otherwise. As long ago as 1911, the Government had decided that if any person in addressing the Government or any of their officers designated himself or spoke his name in a particular way, he should in any communication to him from the Government or their officers, be addressed by the same designation. The Government considered it unnecessary to add to those orders, in regard to the use of the suffix but otherwise accepted the resolution and directed in G.O. No. 315, Law (General), dated 27th January 1936, that the Government records should be corrected accordingly.

2. The question whether this order applied to Kammals of Malabar was raised in 1935, by means of an interpolation in the Legislative Council. It was reported to the Government that the Kammals of Malabar were quite different from cases of the same name on the East Coast. The Government accordingly directed in G.O. No. 1600, Development, dated 13th October 1935, that the orders in G.O. No. 315, Law (General), dated 27th January 1936, should not apply to the Kammals of Malabar.

3. The Keraliya Vinnu-Bhambam Vamshadharma Saadham has now represented to the Government that the order of October last is virtually a declaration that the Vamshadharma community in Malabar is on a scale lower than and in order to associate with the same Vamshadharma community outside Malabar and that the order was issued at a time when strenuous endeavours were being made to effect a reformation in the social conduct of the community as to bring them to a level with the members of the same community outside Malabar. The Saadham has accordingly requested that the order of October last should be cancelled and that G.O. No. 315, Law (General), dated 27th January 1936, should be extended also to the Kammals of Malabar. The Government are not quite sure that all members of the caste feel as the Saadham represents and would therefore like to hear what they have to say in the matter. Remarks or suggestions, if any, on the request would be welcome and be duly considered if submitted so as to reach the Government before the 1st February 1936.

Dated Port St. George, the 25th December 1935.

[Licenses for cloth dealers—Extension of time.]

All district officials have been asked to exempt the delay in applying for licenses under the Regulation of the Sale of Cloth Act, so that if household cloth dealers apply immediately, they will get the licenses free and other cloth dealers will get their licenses on payment of the usual fees of Rs. 5 and Rs. 2 for the two grades of dealers respectively without the payment of any penalty. The extension of time has been given on account of the fact that many merchants were ignorant of the new provisions, and the machinery for issue of licenses was not quite ready in time.

L.A. Bill No. 10 of 1937.—(Madras Legislative Assembly Bill No. 10 of 1937).

Under rule 87 of the Madras Assembly Rules, the following Report of the Joint Select Committee on the Bill to provide for the relief of indebted agriculturists in the Province of Madras (L.A. Bill No. 10 of 1937), is published:—

To

THE HONOURABLE THE LEGISLATIVE ASSEMBLY,
MADRAS.

The Joint Select Committee, appointed on the 21st December 1937 to consider the Madras Agriculturists Relief Bill, has the honour to make the following report:—

1. This Bill was published in the *Fort St. George Gazette* Extraordinary in English on the 1st December 1937 and in Tamil, Telugu, Malayalam, Kannada and Hindustani on the 14th December 1937.

2. The Committee met on the 27th December 1937 in the Assembly buildings, Chempak, and elected the

Hon'ble Mr. C. Rajagopalachari as its Chairman. It continued its sittings on the 26th, 29th and 30th December 1937.

The Committee has noted the various suggestions for improvement that have been made in the numerous memoranda submitted to it and in the light of those suggestions and of other criticisms which have been made, it has subjected the provisions of the Bill to a thorough scrutiny; and as a result thereof, has made many amendments therein.

4. The Bill as introduced had provided that in all cases, interest should run only from the 1st October 1937 at a rate not exceeding 6 per cent per annum. The Committee has come to the conclusion that a distinction should be made between debts incurred during the pre-depression period when the value of money was very much less than now and debts incurred after the depression became acute. In the case of the former, a greater extent of scaling down is considered justifiable than in the case of the latter. It has accordingly limited the provisions which had been made in the Bill for the wiping out of arrears of interest, only to debts incurred before 1st October 1932. As regards debts incurred on or after 1st October 1932, the Committee thinks that the welfare of debtors would be sufficiently met by reducing the rate of interest to 5 per cent in all cases where it is higher than 5 per cent. Where a debt incurred after 1st October 1932 is found to be wholly or in part a renewal of a debt incurred prior to that date, that debt or any part of it which may constitute such renewal will be dealt with as a debt incurred before 1st October 1932. What has been expensively described as the *dandapat* principle has been retained. In view of the proposal for the reduction of interest, in the case of debts incurred subsequent to the 1st October 1932, the invoking of that principle is unnecessary in respect of such debts and has therefore been expressly provided for only in the case of debts incurred prior to 1st October 1932. The Committee considers that these provisions which it has made for the scaling down of old and new debts will go a great length to meeting the situation which had been raised to the provision in the Bill as

introduced, for the wiping out of all interest on all debts outstanding on the 1st October 1937.

5. The Committee has also exempted from the operation of this Act any debt or debts due to a woman who is entirely dependent on such debt or debts for her maintenance, and has accordingly included the following additional item in clause 4 of the Bill, viz.,—

“any debt or debts due to a woman on the 1st October 1937 who on that date did not own any other property, provided that the principal amount of the debt or debts did not exceed rupees three thousand.”

It has provided that in calculating the value of the property owned by the woman on the 1st October 1937, the house in which she lived or any furniture therein or her household utensils, wearing apparel, jewellery or such like personal belongings, should not be taken into account.

6. The Committee has also exempted any wages due to an agricultural labourer or other rural labourer from the operation of the Act.

7. The Bill had provided that to obtain exemption from this Act, a company registered in British India or in an Indian State should have had on its register on the 1st October 1937 at least 500 members. This provision did not apply to foreign companies, and the Committee has removed the distinction. In view of the provision in the revised Bill in favour of debts incurred after the 1st October 1932, the Committee felt that there was no need to accept the suggestion made to extend the exemption to companies with smaller membership.

8. Another major change made by the Select Committee in the Bill is in regard to rents. Much apprehension was felt in certain quarters that the wiping off of arrears of rent would encourage the tenants to allow rent to fall into arrears even in the future. In order to remove this apprehension the Bill had provided that relief in respect of arrears should depend upon prompt payment of current dues. The Committee has strengthened this position by making the

payment of the rent for fasli 1347 before 30th September 1938 a condition precedent to the grant to a tenant of the relief from arrears of old rent. It is only where after paying the rent for fasli 1347 on or before 30th September 1938, the tenant also pays the rent for fasli 1346 on or before the 30th September 1938, that he obtains a full discharge in respect of all arrears of rent accrued for previous faslis. If, having paid the rent for fasli 1347 on or before 30th September 1938, he makes default in payment of the rent for fasli 1346, on or before 30th September 1938, or pays only a portion of such rent on or before that date, he gets relief in respect of arrears for prior faslis only in proportion to the share of rent for faslis 1346 and 1347 paid by him. These provisions while helping the landholder to collect current dues are calculated to save the tenant against his own neglect. Mr G. Krishnan Iyer strongly pressed that in any case the arrears for fasli 1345 should not be written off. But the Committee after carefully considering the position decided that there would be no practical relief given to a tenant if the burden of three faslis were left unrelieved and that there would be no incentive for the payment of current dues, if he was still to be left so heavily indebted.

8. The Committee has also provided that where a landholder has paid the tenant's share of the land cess under the Madras Local Boards Act, 1920, he would be entitled to recover the same. It has also provided that in cases where a landholder has already obtained a decree against his tenant for the rent due to him for fasli 1345 and prior faslis, he can recover the whole of the costs awarded to him by such decree.

10. As a corollary to the abovesmentioned provisions, the Committee has provided that any payment of rent made by a tenant after the commencement of this Act shall be credited first towards the rent due by him for fasli 1347 and then towards the rent due by him for fasli 1348 and not towards any rent due for any prior fasli. It has also made a provision enabling the tenant to deposit the rent due by him into court and to ask the court to cancel his liability for the arrears of rent for previous faslis or to fix the extent of his liability under the provisions of this Bill.

11. The Committee has provided that the period of limitation for suits for the recovery of rent for fasli 1346 and prior faslis should be extended by three months from the dates allowed for payment of the rents for faslis 1347 and 1346 as those dates would determine the tenant's liability for such arrears.

12. The more important of the other amendments made by the Committee in the Bill are referred to *separatim* below:—

- (1) *Clause 3 (ii).*—The Committee has included in the definition of 'agriculturist', sub-lessees of land either directly from a leasee or from an intermediate leasee.

Sub-clause (iv).—It has been made clear in this sub-clause that 'rent' will include cases where a decree or order has been passed for it.

The Committee has also introduced a new definition, viz., that of a 'creditor' which will include heirs, legal representatives and assigns.

- (2) *Clause 5.*—This clause contains a special provision for undivided Hindu families who are exempted to any of the taxes which disqualify such family from being treated as an 'agriculturist'. As originally introduced, the Bill applied to *maremukuntayam* and *shyasan-tana tarwada* and *tanachia*. In view of the impossibility of obtaining individual partitions in such families, the latter have now been excluded from this clause.

- (3) A corresponding exclusion has also been effected in clause 6 which relates to the case of descendants of non-agriculturist members of undivided Hindu families which are agriculturists.

- (4) *Clause 8.*—Sub-clause (2) of this clause has excluded 'usufructuary mortgages' from the operation of the *dawadpot* rule. In view of

the existence of certain kinds of mortgages in which the mortgagees are in possession of the mortgaged property, the Committee has substituted for the words ' usufructuary mortgage ' the words ' any mortgage by virtue of which the mortgagee is in possession of the property mortgaged '. It has also excluded from the operation of the dandupai rule the liability of a purchaser of immovable property who is in possession of such property to pay the amount of any unpaid purchase money due by him.

(5) *Clause 10 and 11*.—(New clauses 11 and 12)

—In these clauses, the Committee has fixed the maximum rate of interest on scaled-down debts and on new debts at $6\frac{1}{2}$ per cent per annum simple interest, instead of 8 per cent per annum simple interest, as that rate corresponds to one pie per rupee per mensem or one anna per rupee per annum and would be more easily understood and adopted in rural areas.

(6) *Clause 15*.—(Clause 20 as revised).—This

clause refers to adjudications in insolvency. The Committee thinks that the benefits of this measure should be extended to debtors against whom an order of adjudication has been made but whose assets have not yet been distributed.

13. The Committee has rearranged the clauses of the Bill in logical order and has also divided the Bill into chapters, so as to show more clearly the subjects dealt with.

14. It has made various other changes in the Bill which it does not consider it necessary to refer to here. They are all noted in the copy of the Bill as amended, which is annexed.

15. The Committee considers that the Bill as revised should be republished.

C. RAJAGOPALACHARIAR,

Chairman.
